In regard to item 9, for full disclosure, Chairman McBride stated he has a pecuniary interest in a business on the main street in Virginia City that engages in cabaret and liquor licenses as well.

Vice Chair Gilman stated he also has a pecuniary interest in a liquor and cabaret license on C Street as part of a class of users in Storey County.

**Motion:** Approve Consent Agenda, **Action:** Approve, **Moved by:** Vice Chairman Gilman, **Seconded by:** Commissioner McGuffey, **Vote:** Motion carried by unanimous vote, (**Summary:** Yes=3)

#### 11. DISCUSSION ONLY (No Action – No Public Comment): Committee/Staff

##### **Fire Chief Gary Hames:**

- Presented the Board with a report prepared with software recently purchased. The software is working extremely well. The report will be provided monthly to the Board and will be published on the Storey County website.
- Chief Hames reviewed highlights of the report which enables reporting of monthly call volume and statistics regarding calls. Statistics include response time and number of patient transports.

##### **Public Works Director Mike Nevin:**

- The Public Works Department has been very busy due to recent storms. There have been issues with a couple of snow plows that are older vehicles. Five truck/tractors have been purchased from the State of Nevada excess property program at \$25 each. These vehicles will be retro-fitted into snow plows.
- Public Works Department is also working to resolve infrastructure issues that affected power to the hillside water tanks over the weekend. Conduits to the control building at the tank site terminate outside the building. In the interim, a temporary generator set up has been established.
- Meetings have been held with NDOT and Farr West Engineering in regards to moving four storm drains at the south end of C Street off of the County's Waste Water Treatment System.
- The siphon line replacement under Highway 580 is moving along. NDOT is working to update the environmental assessment. Various organizations are involved to resolve any concerns regarding the pipeline replacement.
- This year is a significant "water" season. Marlette Lake is almost up to spill, Hobart Lake is spilling. The east slope catchments are producing good water.
- A meeting was held with the NDOT contractor, Ames Construction, regarding the USA Parkway extension. The contractor is interested in utilizing space at the County's TRI facility in exchange for some improvements to the County's property. NDOT will have a portable building on that site.

Commissioner McGuffey asked if the pipeline being replaced under 580 is the original waterline.

Mr. Nevin replied the second pipeline – constructed in 1875 - is the one being utilized. This is under the highway and feeds the top of the siphon. This will remain in the ground. NDOT will bore under the highway and install a new sleeve.

- Mr. Nevin, along with Mr. Whitten, met with representatives of NDOT and Farr West Engineering to discuss moving the four storm drains on the south end of C Street off of the sewer system. These storm drains were never tied into the main storm drain line. Issues are created, particularly in winter with the salt used on C Street. NDOT has made this a high

priority since the County has the funding in place to do the sewer improvements. NDOT is in the design/engineering process.

Chair McBride: Has there been any discussion regarding curbs and gutters? Intersections such as Taylor and Union Streets are really bad.

Mr. Nevin: This has been discussed in the past.

Mr. Whitten: There are some issues dealing with the NDOT Right of Way Division including issues with curbs and gutters. We continue to work through the issues.

**Planning Director/Administrative Officer Austin Osborne:**

- Thursday, February 4<sup>th</sup> is the next Planning Commission meeting and will be held at the Lockwood Community/Senior Center at 6 PM. Discussion will be held regarding the Master Plan draft.
- A team meeting was recently held with Farr West Engineering to discuss status of County projects. One issue discussed was flood mitigation in Mark Twain. Mr. Osborne works on the Carson Water Conservancy District Board. This Board provides assistance for flood mitigation and other sorts of matters. Mr. Osborne has discussed these issues with all parties to see if there is a way to secure funding for flood mitigation and a study of what specifically can be done in the area. This would be pursuant to cooperation from the Water Conservancy District, the Mark Twain residents, and the feasibility of work being done in the next couple of years.

**Deputy District Attorney Keith Loomis:**

- Briefing on the Malfitano case has been completed and submitted to the Judge for a decision on the Petition for Writ of Mandamus.
- Comments have been submitted to Rural Development regarding the nature of the contract with Farr West Engineering for the sewer improvements to determine if there are any issues. Comments from Pool/Pact have also been submitted to Rural Development.

**County Manager Pat Whitten:**

- Mr. Whitten recently spoke at a meeting of fiscal officers for construction companies. TRI and Tesla were the major focus and topic.
- Attended an event at the Atlantis announcing the arrival of a new company, Jet.com. Governor Sandoval along with the three County Commissioners were also present. Jet.com is a great company.
- The same evening, Mr. Whitten attended a presentation at the Gold Hill Hotel given by Commissioner Gilman discussing the past, present and future at TRI.
- Regarding the zip code issue for TRI and the River District, concerted efforts have been made over the last 18 months through John Porter of Congressman Amodei's office, in trying to get the US Postal system to issue a separate zip code for at least the entire River District - specifically in the TRI area. This issue has also been presented to Senator Heller and Senator Reid.

The Post Office has said that if a (zip code) does not streamline the delivery of U.S. mail, the Post Office does not care and will not do anything about it. The Postal system stated if the "plus 4" was used on mail it would work out. This seemed to work with small purchases. However, most of the

vendors supplying products to TRI do not know what County TRI is in and, for reporting purposes, use Sparks, Nevada 89434.

Mr. Whitten contacted the Director of the Nevada Taxpayer's Association who indicated using the "plus 4" was not a solution as the Department of Taxation's software is so antiquated it could not handle the "plus 4". There are other situations indicating that use of "plus 4" is not the answer.

Mr. Whitten, Chair McBride, District Attorney Langer, and Comptroller Gallagher, met with the Deputy Director of Taxation, the Division Director of Sales Tax, and a deputy director of Taxation's IT service. It was acknowledged that the Pitney Bowes software being used does not ask for a zip "plus 4". According to the IT representative, it would be a huge change to get the "plus 4" factored in. The Department of Taxation acknowledges the problem and has agreed that they are going begin to test some results, talk to the Pitney Bowes vendor, and see what other States are doing with similar issues as far as accounting software.

The County is going to give the Department of Taxation one specific new company that was recently built from ground up, giving them a list of all vendors who provided products that went into the construction of this facility. Taxation will conduct an audit to see who reported what. The County will also provide Taxation with a list of all retail establishments in the entire River District for audit. We have agreed to meet monthly to focus on this issue.

An update will be provided to Congressman Amodei regarding the Department of Taxation and the zip code issue.

Stacey Bucchianeri searched the Postal website to determine the zip "plus 4" for businesses in the TRI area. Found on the website was public postal information which indicates the county that addresses are located in. Fifty percent of the addresses looked at were shown to be in Washoe County, including Storey County offices in TRI. This was mentioned to Congressman Amodei's staff and, as of yesterday, all but one or two had been corrected.

This will be a top agenda item at the NACO conference later this month. The Department of Taxation approach is good but it is not a "fix all". The zip code is needed.

Commissioner McGuffey commented he had brought this to the attention of other counties at a NACO Board meeting. Other counties indicated also having zip code problems and are looking to Storey County to lead the way on a resolution.

Mr. Whitten suggested that he and Commissioner McGuffey should review the zip code situation prior to the next NACO Board meeting.

An equal concern is not only that the County is not getting sales tax dollars it is entitled to - keeping in mind that it is believed to be the Department of Taxation's responsibility to assess, collect, and distribute sales tax monies accurately and they are not doing that - but people are being over-charged. Washoe County sales tax rate is at least 1/8 of a point higher than Storey County.

## **12. BOARD COMMENT (No Action - No Public Comment)**

**Commissioner McGuffey:**

- The V & T Commission recently lost a great member, Kevin Ray. Mr. Ray was with the Commission for years.

**13. DISCUSSION/POSSIBLE ACTION:** Approval of Storey County Audited Financial Statements for the year ended June 30, 2015.

Comptroller Hugh Gallagher apologized for the delay in the review of the audited financial statements. The work of CPA David Pringle was submitted in a timely manner. A staff review of the financial statements submitted by Mr. Pringle indicated a substantial difference in property tax revenue projected and what was received. Further review showed that a payment that should have been received from the Department of Taxation in April was received in July. The outside auditor was notified and the audit was corrected.

Mr. Gallagher discussed events of the last year. Including legislative decisions affecting the industrial park, completion of the wastewater treatment plant, water system improvements, development of a 474 Fire District, and, based on a decision by the Department of Taxation, bringing the Tourism Commission back into the County. New public safety vehicles – ambulances and Sheriff's vehicles – were purchased.

Mr. Gallagher reviewed capital assets and liabilities. The ending fund balance increased and is healthy. A review of the General Fund shows an ending fund balance that is down from the previous year due to money being given to capital projects. Mr. Gallagher reviewed the auditor's recommendations and steps being taken to meet those recommendations.

The goal for this year is to "stay the course". There has been an excellent second quarter review. Road work in TRI and additional work at Station 75 will probably begin in the spring.

There will be challenges for fiscal year 2017 in looking at needs and plans for public safety, public works, general government, and economic development strategy.

A General Accounting & Standards Board bulletin – a report on all abatements received during the year and how it affects taxes - must be filed this year. Mr. Gallagher reviewed the information required on this report.

Mr. Gallagher said it is time to look at a tax rate reduction. Since 2008, the County has increased the bottom line each year. This has not been easy. A consultant, who previously worked for Taxation, will advise if we are right or wrong on certain items. The attempt needs to be made as it was the direction of this Board.

Vice Chair Gilman: Thank you to Mr. Gallagher for the report and for the direction the County is being taken.

Commissioner McGuffey: Concurs with Commissioner Gilman. Thank you for a great job.

County Manager Pat Whitten: There is another audit within this audit. Several years ago the threshold was surpassed in terms of the dollar amount of Federal grants that the County has in play at any one point in time. This requires a separate statement and the items listed are equally as

important as others in the audit because more and more we are more reliant on Federal grant dollars. Mr. Whitten indicated most important is the opinion on each major Federal program which states, "in our opinion Storey County, Nevada complied in all material respects with the types of compliance requirements referred to that could have a direct and material effect on each of its major Federal programs for the year ended June 30, 2015." This is attributable to the efforts of Cherie Nevin who deserves great thanks.

Public Comment:

**Nicole Barde, Storey County Resident:** Agrees this was a good summary. Regarding the abatements that the County has that will to have to be reported - what about the offsets that are in place with Tesla and others? Does that fit in this audit, will it be a future item - will that show as revenue, or as a special offset? Will there be separate procedures (for reporting)?

Mr. Gallagher: Does not believe any offsets were received until after July 1<sup>st</sup>. It will be for this audit year. We are trying to figure out what needs to be in the report - there is not an example out there. Mr. Gallagher will try to find some information or if there is no example, will send in what he thinks it should be.

Ms. Barde: This could be a potential "gotcha" next time if it is not done.

Mr. Gallagher: Right.

Mr. Whitten: We will work with our auditor regarding a potential footnote to comply with GASB, the Tesla situation is unique.

Mr. Gallagher: This is something I will have to do and the auditor will review. Thank you to the auditor and staff for being patient in this process. It is appreciated.

**Mark Joseph Phillips, Virginia City Resident:** With the exception of Vice-Chairman Gilman, no members of the VCTC are present especially in light of the budget over-expenditures. Mr. Phillips expressed concern there is no one here to explain or apologize or talk about the future especially after all the years of trying to decide whether the audit should be separate. VCTC's refusal to hire or retain legal counsel.

**Motion:** Approve of Storey County Audited Financial Statements for the year ended June 30, 2015,

**Action:** Approve, **Moved by:** Vice Chairman Gilman, **Seconded by:** Commissioner McGuffey,

**Vote:** Motion carried by unanimous vote, (**Summary:** Yes=3)

**14. DISCUSSION/POSSIBLE ACTION:** First reading of Ordinance No. 15-267 amending Storey County Code Title 8 Health and Human Safety by adding chapter 8.01 Nuisances and providing a uniform process for abating all the different nuisance complaints in the code. The amendment also changes the existing nuisance procedures in other parts of the Code to be consistent with the new chapter and provides for other properly related matters.

Outside Counsel, Robert Morris, presented this item and read the title into the record. A workshop was previously held regarding this Ordinance. Since this chapter reflects significant changes in the code, Mr. Morris suggested having another reading following the second reading which is the public

hearing on the Ordinance. This will allow the Board to be careful in passing an ordinance that everyone thinks will work and gives an opportunity for all departments to have input.

Mr. Morris continued that this is a process to simplify nuisances in the code. All nuisances referred to in other chapters of the code, will refer back to this new chapter 8.01. Anyone who has specific suggestions or concerns regarding this item, are requested to contact Mr. Morris before the second reading.

Mr. Morris requested this item be set for the first meeting in March.

Public Comment:

**Mark Joseph Phillips, Virginia City Resident:** The ordinance should be more specific as to who can red-tag a property or threaten a property owner with a lien or criminal penalty. This should be an appointed public officer with oath and appointment on record to enable a person to verify the authority. The Public Works Director, or his designee, is suggested as the inspector in the new ordinance. There should be public record of the 30 days for appeal. Maybe an agenda item that the "clock has started ticking". And 30 days later, an acknowledgment that the nuisance has been remedied. Recently a property was red-tagged with no opportunity for appeal.

Mr. Whitten: It should be noted the property mentioned was red-tagged as a safety hazard not as a public nuisance.

**Motion:** Approve First reading of Ordinance No. 15-267 amending Storey County Code Title 8 Health and Human Safety by adding chapter 8.01 Nuisances and providing a uniform process for abating all the different nuisance complaints in the code. The amendment also changes the existing nuisance procedures in other parts of the Code to be consistent with the new chapter and provides for other properly related matters, **Action:** Approve, **Moved by:** Vice Chairman Gilman, **Seconded by:** Commissioner McGuffey, **Vote:** Motion carried by unanimous vote, (**Summary:** Yes=3)

**15. DISCUSSION/POSSIBLE ACTION:** Approval of Sheriff's General Business License Second Reading for Delta Saloon, Tina Perkins, located at 18 S C St., Virginia City.

Sheriff Gerald Antinoro presented this item. Applicant has submitted the proper application and obtained all necessary sign-offs from the different inspection agencies. Approval of the General Business License is recommended.

No public comment.

**Motion:** Approve Sheriff's General Business License Second Reading for Delta Saloon, Tina Perkins, located at 18 S C St., Virginia City, **Action:** Approve, **Moved by:** Vice Chairman Gilman, **Seconded by:** Commissioner McGuffey, **Vote:** Motion carried by unanimous vote, (**Summary:** Yes=3)

**RECESS AS BOARD OF COUNTY COMMISSIONERS TO CONVENE STOREY COUNTY LIQUOR BOARD**

**16. DISCUSSION/POSSIBLE ACTION:** Approval of Liquor License Second Reading for Delta Saloon, Tina Perkins, located at 18 S C St., Virginia City.

Chairman McBride stated he has a pecuniary interest in a liquor license on the main street, that being the Bucket of Blood Saloon. Voting on this item in no way affects Mr. McBride or his business.

Vice Chairman Gilman stated he has a pecuniary interest in a liquor license on C Street, Virginia City, and is a portion of a class of users within the community.

Sheriff Antinoro presented this item. Applicant has submitted an application. Background has found no disqualifying information and shows that applicant has stable financial abilities. Approval of the Liquor License is recommended.

County Manager Whitten commented that a letter addressed to the Board of Commissioners dated December 21, 2015 was submitted as part of a previous Commission packet. The letter was from Barbara Thomas outlining issues and concerns. Mr. Whitten is not clear as to whether the concerns were with the licensee or the business being leased.

**Public Comment:**

**Mark Joseph Phillips:** The packet indicated something about a cabaret and off-sale liquor license being included. Mr. Phillips is happy to see the cabaret license.

Chair McBride: The item regarding the cabaret license was on today's Consent Agenda for first reading.

Mr. Whitten requests approval of items A, B, C, D, E, F, G, and I, and continuance of item H.

Stacey Bucchianeri, Community Development, said that Breakthru Beverage is a distributor of liquor - they do not serve liquor. This is an out-of-county General License.

## Storey County Board of County Commissioners Agenda Action Report

Meeting date: February 16, 2016

Estimate of time required: 10 minutes

Agenda: Consent ☐ Regular agenda ☒ Public hearing required ☐

1. Title: DISCUSSION ONLY: National Weather Service StormReady Community Presentation

2. Recommended motion: None as this is a discussion item only.

3. Prepared by: Cherie Nevin

Department: Community Relations

Telephone: 847-0986

4. **Staff summary:** Storey County has been designated as a StormReady community since 2009. The county can apply for a renewal for this designation every 3 years. Storey County completed the most recent renewal application and was approved in November 2015. Weather-Ready Nation is about building community resilience in the face of increasing vulnerability to extreme weather and water events. Americans live in the most extreme weather-prone country on Earth. This is not limited to severe thunderstorms, but also includes winter storms, floods, intense summer heat, high winds, and wild fires. Storey County has faced all of these hazards in recent years. Some 98% of all presidentially declared disasters are weather related, leading to around 500 deaths per year and nearly \$15 billion in damage. StormReady helps arm America's communities with the communication and safety skills needed to save lives and property--before, during and after extreme weather and flood events. StormReady helps community leaders and emergency managers strengthen local safety programs, partnering with the National Weather Service. StormReady communities, counties are better prepared to save lives from the onslaught of severe weather through advanced planning, education and awareness. No community is storm proof, but StormReady can help communities save lives.

## **Enclosure 1: Staff Summary for Agreement for Workforce Innovation and Opportunity Act**

Storey County is among the 13 counties in northern Nevada that participate and have representation on the Nevadaworks Board. Nevadaworks is a regional agency focused on preparing northern Nevada's workforce to meet the needs of current and potential northern Nevada employers. Nevadaworks does this by understanding workplace requirements of employers and coordinating with area education institutions, public and private training providers, and state and local agencies to craft necessary training programs. Nevadaworks also provides funding to qualified employment improvement service providers who work directly with diverse populations seeking employment, skill upgrading, and who are entering the workforce for the first time.

The Workforce Innovation Act of 1998 provided workforce training services to job seekers thus increasing their employment potential, job retention, and earnings while at the same time meeting the employer's demands for a skilled workforce. In 2014, the Workforce Innovation and Opportunity Act was signed into law by the U.S. President in order to strengthen and improve the Workforce Investment Act of 1998.

The public law established Local Workforce Development Boards throughout the nation. Nevada has two local boards, Nevadaworks in the north and Workforce Connections in the South. Each board is comprised of local elected officials and other area business professionals. Nevadaworks' service area includes the thirteen northern Nevada counties of Carson City, Churchill, Douglas, Elko, Eureka, Humboldt, Lander, Lyon, Mineral, Pershing, Storey, Washoe, and White Pine. Workforce Connections serves Clark, Esmeralda, Lincoln and Nye Counties. The Workforce Innovation and Opportunity Act is only the initial framework for creating a world-class workforce development system. The success of this system depends upon the commitment and collaboration of local area businesses, educational facilities, other agencies and partners.

C. Pursuant to letter dated September 14, 2015 from Nevada State Governor Brian Sandoval, designating Nevadaworks to serve in the current capacity as the

administrative entity for the local WDB. (See copy of letter attached hereto as Exhibit "A").

6. The LEO-Board and the Workforce Development Board are designated as the policy-making bodies for NW to the extent that such policies recognize and do not conflict with State law and the terms of this Agreement which establish NW as a public entity. These two Boards are responsible for carrying out their respective and joint responsibilities under WIOA in accordance with guidelines that may be approved by the Governor of the State of Nevada and the terms of the WIOA.
7. The LEO-Board and the WDB shall have the responsibility to adopt and ensure implementation of NW policies, standards, and goals in order to meet the requirements of WIOA. In so doing, the LEO-Board and the WDB may adopt policies and procedures in compliance with guidelines provided by the Governor and/or the State and in compliance with this Agreement. All policies and procedures adopted by the LEO-Board and WDB affecting the WIOA shall be kept on file for public inspection in NW's Executive Office.
8. NevadaWorks is authorized to employ staff including, but not limited to, an Executive Director/Chief Executive Officer (CEO). The staff shall be considered to be employees of the separate legal, administrative, public entity known as Nevadaworks and are entitled to such benefits available to public employees in the State of Nevada. However, the staff shall also perform staff functions for the WDB in performance of its responsibilities under the WIOA.

Whenever a vacancy occurs in the position of Executive Director/CEO of NW, a new Executive Director/CEO shall be selected by the LEO-Board. The Executive Director/CEO shall be directed by and answerable solely to the LEO-Board; and shall serve at the pleasure of LEO-Board.

9. The Executive Director/CEO shall provide all information and documentation regarding all NW administrative, operational, and fiscal matters relating to the WIOA to the LEO-Board and the WDB upon request. The nature, scope and frequency of the information relating to the WIOA that is to be provided pursuant to this paragraph by the Executive Director/CEO shall be specified by the LEO-Board and WDB.
10. NW shall have the power to contract with any qualified private or public agency or entity to secure the support staff and personnel needed by NW to carry out the objectives and requirements set forth in this Agreement and by the State Job Training Office. The staff and personnel of NW shall be under the direction and control of the Executive Director/CEO who reports, for purposes of meeting the requirements of the WIOA, to both the WDB and the LEO-Board. The Executive Director/CEO shall have prepared personnel policies which shall be approved by the LEO-Board. As the staff also provides staff support services to the WDB, the WDB may have input into such policies, but any final decision shall rest with the Executive Director/CEO, subject to appeal by the WDB to the LEO-Board.

11. The Executive Director/CEO has the power of final decision regarding any daily operation of the NW programs subject to a schedule of responsibilities which shall be presented to the LEO-Board and the WDB for their approval.
12. A majority of the WDB constitutes a quorum for the transaction of business. The Executive Committee of LEO-Board may transact business as provided herein. If the Executive Committee has only 3 members of the LEO-Board, all three must be present for the conduct of any business, but a majority of the three is sufficient to carry any action. For all actions to be taken by the WDB and LEO-Board pursuant to the WIOA, a majority vote of a quorum of both the WDB and the LEO-Board (or its Executive Council) is necessary, subject to the limitations set forth in paragraph 13 below.
13. Pursuant to paragraph 12, the LEO-Board may withhold approval of any training program, regardless of a majority vote, if:
  - a. There are insufficient funds available to support the program; or
  - b. Funding of the program is not authorized by WIOA. Reconsideration of any matter or action taken by the LEO-Board and the WDB will be done according to meeting rules acceptable to all parties.
14. The LEO-Board and the WDB shall establish all boards, councils, or committees, or other advisory groups as mandated by federal laws and regulations.
15. The LEO-Board and the WDB shall establish by-laws for meetings and other matters of internal governance. These by-laws shall be consistent with any applicable federal and state laws, any regulations promulgated by the Governor and/or the State, and any provisions of this Cooperative Agreement. All meetings of the WDB, LEO-Board or its Executive Council Shall be conducted in accordance with Nevada's Open Meeting Law.
16. The LEO-Board and the WDB shall approve the annual plan and local plan to be submitted to the Governor. The Chairman of the LEO-Board and the Chairman of WDB shall be the signatories to the annual plan and local plan. All proposed modifications to the annual plan or local plan shall be approved by the WDB and the LEO-Board and the signatories to such request for modifications shall be the same as indicated in the previous paragraph.
17. Financing for the undertakings of the NW, the LEO-Board and the WDB is provided as part of the federal funds made available under the WIOA, in addition to other funding sources that may be periodically available. The staff of NW is responsible for preparing a budget for approval by the LEO-Board and WDB.
18. The LEO-Board and the WDB shall consider and approve proposed contracts necessary for the implementation of the WIOA activities. All contracts shall conform to any applicable federal, state and/or local laws and regulations.
19. This Cooperative Agreement may be amended upon written agreement signed by the governing bodies of the 13 county parties hereto.
20. This Cooperative Agreement may be terminated at the expiration of any WIOA Program Year by majority consent of the counties that are parties hereto upon the giving of ninety (90) days written notice of intent to terminate. In addition, any party may terminate its participation in this Agreement by giving 120 days notice

before expiration of the WIOA program year to the other parties to this Agreement. In the event that one or more counties cease to be a participant in this Agreement, the remaining parties shall determine whether the Agreement may continue without that county or counties. In the event the remaining parties deem that the Agreement cannot continue, the Agreement will terminate at the end of that WIOA program year.

21. Upon receipt of a notice of termination or expiration of this Agreement, the LEO-Board and the WDB shall, at their next regular meeting, prepare a plan for the dissolution of NW. This dissolution plan shall consider and provide for the discharge of all costs, expensed, charges and contractual obligations validly incurred pursuant to this Cooperative Agreement.

Additionally, the dissolution plan shall provide for the disposition of all property acquired by NW pursuant to this Agreement and state and federal law. The dissolution plan must provide for the disposition of all property acquired by NW to this Agreement. Furthermore, the dissolution plan shall provide for the distribution of any surplus funds, if any, once all costs, liabilities and obligations are discharged in accordance with state and federal law.

Any fiscal liability of NW not provided for in the dissolution plan, but determined to be outstanding and determined to be validly incurred by the 13 counties, shall be shared by the 13 counties on a pro rata basis as determined by the distribution formula in the WIOA plan.

22. Upon execution of this Cooperative Agreement by all 13 counties, the Cooperative Agreement dated December 21, 1999 which created Nevadaworks shall be terminated.

IN WITNESS WHEREOF, the parties hereto by their respective officers, duly authorized, have executed this Cooperative Agreement, to be effective as provided herein.

## 1. BACKGROUND & ANALYSIS

### 1.1 Site Location and Characteristics

The subject property is located on Waltham Way (Appendix 1: Record of Survey) in Storey County, Nevada (Assessor Parcel Number (APN) 004-092-49). The subject property is approximately 78 acres and is owned by Western 102 Ranch Limited Partnership, and Western 102 Ranch, Inc. While the subject property is surrounded by TRI and has been part of the GID, the parcel is not in the center (Figure 1: Vicinity Map). The subject property is zoned I-2 Heavy Industrial (Figure 3: Zoning Map) and is currently vacant. The subject property (APN 004-092-49) may be accessed off Interstate 80, via the USA Parkway exit south, then right onto Britain Drive or right onto Waltham Way.

Figure 1: Area Map

### 1.2 Proposed Action

The applicant wishes to subdivide the subject parcel into two separate parcels. The application listed ownership of the parcel matches the ownership listed on the Assessor's Records. The owner has signed the application.

The new proposed map (Figure: 2) shows one potential new parcel 2016-W1 at 39.03 acres and the second proposed new parcel 2016-W2 at 39.00 Acres.

### **1.3 Application for a Parcel Map**

NRS 278.461 defines a “Parcel Map” as a division of land into four or less parcels. The proposed Parcel Map complies with NRS 278.461 through 278.469 regulating the division of land into four or less parcels.

Storey County Code (SCC) does not specifically require an Application for a Parcel Map. However, NRS does require a Parcel Map to go through the Application process.

NRS 278.464 Action on a Parcel Map by the Planning Commission and the governing body.

1. The Planning Commission shall:

In a county whose population is less than 700,000, within 60 days, after accepting a complete application for a Parcel Map, recommend approval, conditional approval or disapproval of the map in a written report. The Planning Commission shall submit the Parcel Map and the written report to the governing body.

3. The governing body (County Commission) shall:

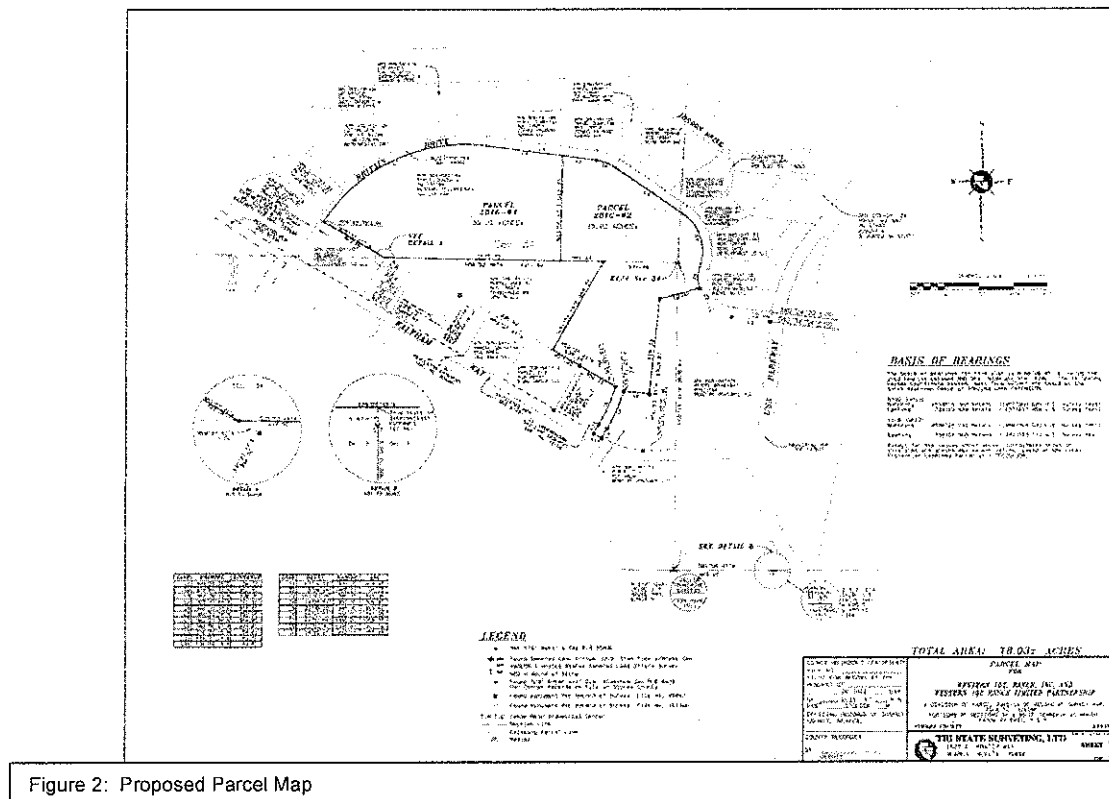

In a county whose population is less than 700,000, within 60 days, after acceptance of the parcel map as a complete application, review and approve, conditionally approve or disapprove the parcel map. Unless the time is extended by mutual agreement, if the governing body, the director of planning or other authorized person or agency fails to take action within the period specified in this subsection, the parcel map shall be deemed approved.

The Applicant requests dividing one parcel of land into two parcels of land. Consequently, this request is within the perimeters of a Parcel Map per the NRS definition. Therefore, the Storey County Planning Department (the Planning Department) requested the Applicant submit an application for a Parcel Map.

Appendix 2: Nevada Revised Statutes 278.461 - 278.469

### **1.4 Proposed Parcel Map**

Figure 2: Proposed Parcel Map shows that the existing parcel is proposed to be split into two parcels. Parcel 2016-W1 to the west (proposed to be 39.03 acres) and Parcel 2016-W2 to the east (proposed to be 39.00 acres).

The applicant/owner will maintain access from either Waltham Way or Britain Drive for east parcel and only Britain Drive for the west. The existing utility and drainage existing easements will remain.

### 1.5 Tahoe Reno Industrial Center General Improvement District (TRI GID)

The Subject property is within the TRI GID. TRI GID needs to be consulted in this Parcel Map action and any potential approval should be conditioned with the TRI GID approval. The TRI Development Agreement does not have jurisdiction in this action. The subject parcel is governed by the 2015 Storey County Zoning Ordinance and not the 1999 Zoning Ordinance.

### 1.6 Adjacent Properties Existing Land Uses

The seven abutting properties to the south, two properties to the west, three properties to the north and one property to the east of the subject property are all vacant. The two abutting property to the south are light manufacturing. One property to the north is a wastewater treatment plant, and two other properties to the north are machinery auction yards. One property to the east is a gas station and truck stop. (Figure 4: Abutting Land Use Compatibility).

### 1.7 Abutting Properties Zoning

The abutting properties all around the subject property are zoned Heavy Industrial (I-2) (Figure 3 - Zoning Map).

Figure 3: Zoning Map

## 2. GENERAL COMPLIANCE WITH STOREY COUNTY'S GUIDING DOCUMENTS

### 2.1 Table: Land Use Compatibility

The following table shows land uses, Storey County Master Plan (Master Plan) designations and zoning for the land surrounding the subject property. There appears to be no conflict between the proposed and the surrounding land use and Master Plan.

Figure 4: Abutting Land Use Compatibility			
Land	Existing Land Use	Master Plan	Zoning
Applicant's Land	Vacant	Industrial	I-2
Land to the northeast	Vacant and Equipment Auction	Industrial	I-2
Land to the north	Vacant and Equipment Auction	Industrial	I-2
Land to the west	Vacant and Wastewater Treatment Plant	Industrial	I-2
Land to the south	Vacant, Warehousing and Manufacturing	Industrial	I-2
Land to the east	Vacant and Convenience/gas Station	Industrial	I-2

### 3. COMPLIANCE WITH THE STOREY COUNTY CODE

While the subject parcel is located within McCarran and is surrounded by the Tahoe-Reno Industrial Center, the land itself is not located within the annexed portions of TRI-Center. Therefore, the subject parcel is governed by the 2015 Storey County Zoning Ordinance and not the 1999 Zoning Ordinance pursuant to the TRI-Center Storey County Development Agreement.

#### 3.1 Storey County Code 17.35 I-2 Heavy Industrial Zone

The following standards apply to the I-2 Zone:

##### 3.1.1 Storey County Code 17.35.050 Minimum Parcel Area

The minimum parcel areas required in the I-2 zone is three acres.

*The proposed parcel map conforms to this standard. Parcel 2016-W1 will be approximately 39.03 acres and Parcel 2016-W2 will be approximately 39 acres; therefore, both proposed parcels exceed the minimum parcel area.*

##### 3.1.2 Storey County Code 17.35.060 Setback Requirements

Buildings may not be located closer than 50 feet to any property line.

*The proposed Parcel Map does not include a proposed building; therefore, the Application conforms to this standard. The parcel's size and general configuration also do not appear to cause the creation of a non-conforming setback condition.*

### **3.1.3 Storey County Code 17.35.070 Loading Area**

Loading area must have adequate room for vehicular circulation and staging. All truck parking and docking areas must be designed so that right-of-ways (ROW) and travelled ways are not impacted.

*The proposed Parcel Map does not include vehicular circulation or staging areas; therefore, the Application conforms to this standard.*

### **3.1.2 Storey County Code 17.35.080 Height of Buildings and Structures**

A building may not exceed six stories or 75 feet, whichever is higher, except as may be allowed by Variance.

*The proposed Parcel Map does not include a proposed building; therefore, the Application conforms to this standard.*

## **4. COMPLIANCE WITH THE STOREY COUNTY MASTER PLAN**

The proposed Parcel Map appears to conform to the goals and objectives of the Storey County Master Plan including “enhancing diversification of economic opportunities within the county” (Chapter 3, Goal 1); maintaining “a healthy living environment for all residents of the county” and “ensuring that land use permits are compatible with the zoning map, master plan, and previous planning decisions” (Chapter 9, Goal 1, Objective 1.1).

## **5. PUBLIC COMMENT**

As of posting date, Staff had not received any public comment for this file.

## **6. FINDINGS**

### **6.1 Motion for Approval**

The following Findings are evident with regard to the requested Parcel Map when the recommended conditions in Section 6: Recommended Conditions of Approval, are applied. The Storey County Commission (the Commission) shall recommend approval, conditional approval or disapproval of the requested Parcel Map based on Findings.

The Findings listed in this subsection are the minimum to be cited in an approval or conditional approval. The Storey County Board of County Commissioners (the Board) and the Planning Commission must cite Findings in the motion for approval, conditional approval or disapproval. At a minimum, an approval or conditional approval must be based on the following Findings:

6.1.1 The Parcel Map must comply with NRS 278.461 through 278.469 relating to the division of land into four or less parcels; and

6.1.2 The Parcel Map complies with all Federal, Nevada State, and County regulations pertaining to Parcel Maps and allowed land uses; and

6.1.3 The Parcel Map will not impose substantial adverse impacts or safety hazards on the abutting properties or the surrounding vicinity; and

6.1.4 The conditions under this Parcel Map do not conflict with the minimum requirements in Storey County Code Chapters 17.35 I-2 Heavy Industrial Zone or any other Federal, Nevada State, or County regulations.

## **6.2 Motion for Denial**

Should a motion be made to deny the Parcel Map request, the following Findings with explanation of why should be included in that motion.

6.2.1 Substantial evidence shows that the Parcel Map conflicts with the purpose, intent, and other specific requirement of Storey County Code Chapter 17.35 I-2 Heavy Industrial Zone or any other Federal, Nevada State, or County regulations.

6.2.2 The conditions under the Parcel Map do not adequately mitigate potential adverse impacts on surrounding uses or protect against potential safety hazards for surrounding uses.

## **7. RECOMMENDED CONDITIONS OF APPROVAL**

All conditions must be met to the satisfaction of each applicable Storey County Department.

**1. General requirements.** The Parcel Map must comply with Nevada Revised Statutes (NRS) 278.461 through 278.469 relating to the division of land into four or less parcels. The Parcel Map must comply with Federal, State, and County regulations pertaining to Parcel Maps and allowed land uses.

**2. Record of Survey.** The Applicant must submit to the Storey County Planning Department (Planning Department) a Record of Survey within six months. The Final Map must show all parcel boundaries, easements, and right-of-ways.

**5. Payment of Tax Imposed.** Prior to the recording of the proposed Final Map, the Applicant shall submit to the Planning Department an affidavit stating that the Applicant will make provision for the payment of the tax imposed by NRS Chapter 375 and for compliance with the disclosure and recording requirements of NRS 598.0923 subsection (5), if applicable, by the person who proposes to divide the land or any successor in interest.

**6. Water and sewer.** The Applicant must provide a municipal water and sewer “will-serve” letter from the TRIGID to the Community Development Department.

**8. Anticipated Industrial Purposes.** Pursuant to NRS 278.462, if the parcels created by the proposed Parcel Map are anticipated to be used for residential, commercial or industrial purposes, the Storey County Fire District (SCFD) and the Storey County Building Department (Building Department) may require off-site access, street alignment, surfacing and width, water quality, water supply and sewerage provisions only as reasonably necessary and consistent with the existing use of an land zoned for similar use which is within 660 feet of the proposed parcel.

**9. Duties of the Parcel Map Preparer.** The preparer of the proposed Parcel Map shall meet all requirements pursuant to NRS 278.468 through 278.469.

**10. Final Map.** The Final Parcel Map must meet the form and contents pursuant to NRS 278.466.

**11. Null and Void.** The Final Parcel Map must be recorded with the Recorder within 12 months of the Board’s approval. If the Final Parcel Map is not recorded by that time, this approval will become null and void.

  - (b) In a county whose population is less than 700,000, within 60 days,➤ after accepting as a complete application the parcel map, approve, conditionally approve or disapprove the map. A certificate attached to a parcel map pursuant to this subsection must indicate, if applicable, that the governing body or planning commission determined that a public street, easement or utility easement which will not remain in effect after a merger and resubdivision of parcels conducted pursuant to NRS 278.4925 has been vacated or abandoned in accordance with NRS 278.480.
