- 5. **DISCUSSION/POSSIBLE ACTION:** Presentation and approval by the Nevada Department of Transportation of the 2016 Transportation Report for Storey County.

Bill Hoffman, Deputy Director for NDOT, gave a slide show presentation of the 2016 Transportation Report for Storey County. Mr. Hoffman introduced Lee Bonner from the NDOT Planning Department, Mark Costa and Cathy Balcon also from Planning. Also present is Jen Zen from Federal Highway Administration, along with Steve Williams who takes of the roads in Virginia City.

NDOT will continue to work with the County as well as all 17 counties in Nevada. This report to the County helps the statewide transportation improvement program, and there is a Federal requirement from Federal Highways that mandates NDOT to report to local agencies to make sure that issues make it on to NDOT's task list.

Mr. Hoffman reviewed the following:

- Safety issues including fatality and crash statistics. NDOT engineers roads to be as safe as possible; NDOT works with the Department of Public Safety, Office of Traffic Safety, in educating the public; works very closely with and offers a State-wide class to emergency responders; and works with enforcement.
- Funding:
 1. The "FAST Act" – a 5 year transportation bill;
 2. Fuel Revenue Indexing – this will be on each County's November ballot.
- NDOT local government planning;
 1. County workshops – NDOT sits down with staff to determine needs of the County.
- Needs that have come from County workshops:
 1. USA Parkway Interchange;
 2. Rainbow Bend – alternate route to Lockwood interchange;
 3. SR341.

- The FY 17 Work Program for Storey County - \$143,442. In the two previous years NDOT has spent quite a bit of money on USA Parkway and other large projects in the County.
 1. Most of the FY 17 work will be pavement preservation efforts.

Mr. Hoffman asked if there were any long range or new issues that the County would like to discuss and requested the Board approve the FY17 Work Program.

Motion: Approve the NDOT FY17 Work Program, **Action:** Approve, **Moved by:** Vice Chairman Gilman, **Seconded by:** Commissioner McGuffey, **Vote:** Motion carried by unanimous vote, **(Summary:** Yes=3)

Chairman McBride: The report indicates the gutters and curbs are County owned and the issue is closed. Chair McBride does not remember receiving notice from NDOT that the County is the "new" owner of the curbs and gutters and has recollection of NDOT building those curbs and gutters. There have been occasions when the County's Public Works Department was doing repairs, NDOT staff would ask where the County's permit was to repair the curbs/gutters.

Mr. Hoffman: Has talked to Mr. Whitten and assured him that this matter would be looked into to insure accuracy. Once the information is found out, NDOT would have to do something about it.

Mr. Whitten: NDOT has a great grant program (TAP) that the County is looking at. Restoring the curbs and gutters is definitely a high priority.

Chairman McBride: The next item was presented at last year's meeting. This would be lengthening the acceleration lane coming out of Lockwood going west on I-80. The status now is the County needs to fill out a project initiation form. It's been a year and this request (for this form) was just received. It appears nothing is being done because this form had not been filled out.

Vice Chairman Gilman: This is a high priority. This (lane) is very short and with the level of traffic on I-80 it has become a serious issue.

Does NDOT have, or collect, data regarding C Street traffic flow that could be looked at to identify some of the issues?

Mr. Hoffman: NDOT should definitely have this.

Mr. Bonner: Indicated he will get this information.

Vice Chairman Gilman: A sincere thank you for the great NDOT team working out at USA Parkway and everything that they are doing. This is a great project with a lot of community spirit. This will be so beneficial to Storey County and will relieve a lot of the traffic.

Mr. Hoffman: This is a very exciting project for NDOT as well as Storey County.

Chair McBride: NDOT staff has been working with Public Works regarding the storm drain waters that pour into the wastewater treatment plant. Is there anything the County needs to do?

Mr. Hoffman: Will go back and make sure that NDOT is moving as fast as it can. NDOT hydraulic engineers have been looking at the issue and work has started.

Mr. Whitten: There's a meeting this week regarding that issue - this is slow, but steady progress.

There are a couple of other items:

- The local maintainer station is awesome. The team effort for snow removal on C Street is great.
- Another project to keep an eye on is the water pipeline crossing under I-580, which has come to a stop. A memorandum of understanding has been executed, by there does not seem to be any forward progress.

Mr. Hoffman: Is this the waterline NDOT is putting in near Lakeview? There are other State agency issues that are being worked through as quickly as they can. When NDOT heard this was the only source of water, they jumped immediately. Other agencies have gotten involved in the process who thought they had the authority to oversee this project.

Mr. Whitten: Commended the NDOT fall meeting last year conducted by Lee Bonner and his team.

Mr. Whitten said there is an issue concerning the Seymour family and we have connected them with Mr. Bonner. It would be appreciated if - after this meeting - Mr. Nevin could show Mr. Hoffman, and team, the Seymour's wall. The County needs help with this situation. The historians, and maybe Mr. Nevin and Chair McBride, can address why that cut was made when 341 became a highway instead of a trail.

Regarding Highway I80, asked that NDOT not take its eyes off USA Parkway as far as safety. There was a comment at a stakeholders meeting - when discussing in particular the intersection of Electric Avenue and 439 - that, "well we'll get to that after we get the highway built". This is not an acceptable answer to the County. There are already issues out there - safety needs to be improved.

Vice Chair Gilman: Regarding that situation, note there is an escrow pending on that corner with Marriott Hotels for a Courtyard, which will be coming within the next nine months. With all the traffic congestion now, it will be interesting with the addition of the hotel.

Mr. Whitten: Ingress/egress will be off of Electric Avenue.

- When discussing the 20 year plan, the County was short-sighted in its vision until brought to Mr. Whitten's attention that it may be in the city of Sparks best interest to "amp up" Waltham Way with a north road into Spanish Springs. The County would be extremely supportive of this.
- Is it true if a County does not pass a motor vehicle fuel price indexing, that it would be a "death knell" for NDOT projects?

Mr. Hoffman: No, it would just be less money that would be going to that County - a little or a lot, depending on how much revenue would be projected to come in from the increase. It would not preclude any future work with NDOT.

Mr. Whitten: Thank you, and the entire team, for the outstanding partnership. Especially for the work last year on SR 342.

Mr. Hoffman: The work on SR 342 was a great public/private partnership. Mr. Osborne and Mr. Whitten in working with Comstock Mining, made the job much easier.

Chair McBride: Regarding the retaining wall at the north end of town on the Seymour property, Chair McBride has an old photo showing that area prior to it being cut-in by the Nevada Highway Department. The type of material used for the retaining wall was of the period. This family is one of the older families in town and Chair McBride would like NDOT to take a look at the situation. There may be issues as well on the stairwell put in by NDOT.

Public Comment:

Resident Bob Seymour: The house address is 398 No. C Street.

- The home was built in the late 1850's and had direct C Street access.
- When the Seymour family moved into the house in the 1920's there was still C Street access.
- The road was cut down in 1936 and all access was lost. A road was cut in by the County, which is B Street.
- The stairs were put in for some access and are now a severe safety issue.
- A contractor has been contacted regarding putting in a foundation, but this work cannot be done until the retaining wall is fixed. The house is sliding towards the highway.
- Several problems have been caused by this.
- The family would like an explanation of who is responsible and why it cannot be fixed.
- There is some County responsibility as North Street was abandoned at the same time.
- Sewer and water lines running alongside the retaining wall have also been dug up.
- There are several issues caused by various parties, leaving a serious problem and safety issue.

Mr. Whitten: In addition to a review of this property by Mr. Hoffman and the other NDOT team members, there is a fairly serious trip and fall hazard in the gutter at Taylor and 341 that needs to be looked at. Public Works has done a temporary fix with the same issue on Union Street and 341.

Vice Chair Gilman: Thank you and congratulations to Pedro Rodriguez from NDOT. Mr. Rodriguez has been incredibly responsive and available on issues with USA Parkway and is great to work with.

Chairman McBride: Thank you to Mr. Hoffman, Mr. Bonner and staff for the presentation.

6. DISCUSSION ONLY (No Action – No Public Comment): Committee/Staff

Shawn Griffin, Community Chest Director:

- Thank you to everyone who attended the 25th anniversary celebration. It was a great night.

Cherie Nevin, Community Relations Director:

- A walk-through of C Street will be done on Thursday morning to prioritize projects for the TAP grant to NDOT. Curbs and gutters will be the number one project.

Pat Whitten, County Manager:

- Mr. Gallagher is doing well.
- The fireworks didn't go as planned last night. It is conceivable that that may be the only time fireworks are launched from the fairgrounds due to fuel concerns.
- Commendation to Fire Chief Hames and everyone for the preparation. Central Lyon Fire was also staged in the area.
- The "old jail" in the courthouse will evolve into a conference center for meetings and new employee orientations. A team has been assembled to obtain artifacts for the display cases. Other individuals are donating artifacts and the 4th Ward School will loan some items that are not on display at that location.

7. BOARD COMMENT (No Action – No Public Comment)

Commissioner McGuffey:

- The fireworks that did go off were awesome. The fire was a good lesson and reminder how quickly it can take off with the fuel out there.

Chairman McBride:

- The festivities on 4th of July were wonderful – the parade and the concert. Businesses were bustling with all of the music and food around time. There has not been this many people at this event in many, many years.
- Note the passing of former Gold Hill resident Lou Hess Olthoff. Mother and grandmother of local residents. Lou had many friends and was a caretaker of many. Services will be this Friday in Reno.

Department: Assessor's Office

Telephone: 847-0961

4. **Staff summary:** Exemption applications and renewals are typically due to our office on or before June 15th of each fiscal year, but circumstances beyond a taxpayer's control may cause a delay and, as a result, an exemption not being applied to the tax bill. In cases where the Assessor's Office feels that the taxpayer could not have reasonably filed their exemption application or renewal by the deadline, or if there is an unforeseeable error causing the exemption to not be applied correctly, the tax bill may be amended by the Clerk-Treasurer at the direction of the Board and a new tax bill or a refund be mailed to the affected taxpayer.

Memo to: Storey County Commissioners

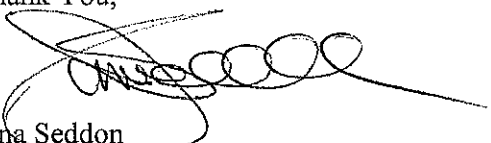

Re: MH 000143, George Kelly

The above property owner has a Veteran's Exemption to be applied to their property located at 401 Canyon Way #5, Lockwood. Mr. Kelly submitted his renewal for this exemption in a timely manner, but it appears that an error occurred in the Assessor's database and the exemption did not transfer to his home. Therefore, we were unable to apply the exemption prior to the printing of their Unsecured tax bill. Pursuant to NRS 361.765, I ask that the **assessed value** be corrected as follows:

	Assessed Land Value	Assessed Improvements Value	Assessed Personal Property Value	Exemptions	Net Assessed Value
2016-17 Billed	0	1,987	1,120	0	3,107
2016-17 Corrected	0	1,987	1,120	2,600	507

Please approve this correction, and advise the Treasurer and the Assessor to make the changes and send a new tax bill or refund as necessary.

Thank You,

Jana Seddon

Re: 003-101-59

The above referenced parcel was billed with errors for the 2016-17 tax year. A clerical error occurred, and the assessed value of Improvements requires correction. In accordance with NRS 361.765, I am requesting the following changes be made:

	Assessed Land Value	Assessed Improvements Value	Assessed Total	Prior Year GAV Override

Please approve these corrections, and advise the County Treasurer to make the changes and issue a corrected tax bill and/or refund to the taxpayer, if necessary.

Thank You,

Meeting Date: August 2nd, 2016

Agenda Item: (Consent Agenda) Discussion/Action: Mutual Aid Agreement between the Storey County Fire Protection District and Sparks Fire Department.

Summary Notes: This is a simple update to the mutual aid plan and Annual Operating Plan (AOP) which is required to be updated with radio frequencies, staff contacts and phone numbers on an annual basis. The Mutual Aid Agreement expires this year and is due for renewal. The AOP has NO changes and only requires approval for the year. The only modification to the agreement is in the future it will not expire every five years. It can be terminated by either party at any time. This way it does not need to be brought before the board every five years except for changes.

Since the AOP is an annual renewal process, I am respectfully requesting that you approve me to sign the AOP each year on your behalf. You as the Honorable Board of Fire Commissioners will still sign the master document, but the AOP is only an annual update and that does not change anything in the master agreement.

Staff Recommendation: (Consent Agenda) Motion to approve the Renewal of the Storey County Fire Protection District and Sparks Fire Department Mutual Aid Agreement.

"In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident. Cooperative Agreement between Storey County Fire Department and the City of Sparks Fire Department

This agreement is made and entered into by the Storey County Fire Department, hereinafter referred to as Storey County Fire, and the City of Sparks Fire Department, hereinafter referred to as Sparks Fire, and is effective on the date as provided herein.

RECITALS

WHEREAS, each of the above-named entities maintains and operates fire/rescue organizations within their respective jurisdictions; and,

WHEREAS, on occasion each agency experiences fires or other emergencies of such a magnitude that assistance of other fire response organizations would be beneficial in addressing the emergencies, and

WHEREAS, the parties hereto desire to enter into a cooperative agreement pursuant to NRS 227.045 to provide for the circumstances and procedures under which each agency will provide assistance in responding to fire and other emergencies when requested by the other,

Now therefore, the parties hereto mutually agree to provide fire suppression equipment, facilities and personnel to each other under the following terms and conditions:

1. The agency which experiences an incident in which assistance is sought shall be known herein as the Requesting Party: The agency providing assistance shall be known herein as the Responding Party.
2. A request for assistance shall be made by the most expedient manner possible. Generally this will be from one Public Safety Answering Point to the other via landline communications. This process involves fire officers making radio requests to their respective PSAP. That PSAP then makes the request, via landline, to the other agency for mutual aid resources. Both agencies shall provide a telephone number or telephone numbers to the other agency which should be used when requesting Assistance from the Responding Agency. It is mutually agreed that either party may operate on the other parties' radio frequency.

3. The officer on duty for the Responding Agency shall determine whether it has resources available to respond to the request for assistance. If the Responding Agency has resources available to respond to the request for assistance, the Responding Agency will furnish the Requesting Agency fire fighting equipment, personnel and facilities which are then available in the jurisdiction of the Responding Agency and which are requested by the Requesting Agency. The decision as to availability of resources is solely within the discretion of the Responding Agency.
4. Neither agency is obligated to reduce the level of resources available in the responding jurisdiction below that deemed reasonably necessary to provide the residents of the responding agency's jurisdiction with fire suppression services. Again, the decision to provide resources is solely within the discretion of the responding agency.
5. In the event any claim or litigation is brought against the parties hereto based upon an incident in which aid was provided pursuant to this agreement and it is alleged that the parties are jointly or severally liable, the agency in whose jurisdiction the incident occurred shall provide for the defense of the action. The requesting agency in the incident further agrees to indemnify and hold harmless the responding agency from any liability the responding agency may incur as the result of responding to a request for aid except for those incidents in which the personnel of the responding agency acted with gross negligence or maliciously.
6. This agreement is not intended to create or be construed to create any right or action on the part of any person or entity not signatory to this agreement, nor create the status of third party beneficiaries for any person or entity.
7. Any mutual aid extended under this agreement is done with the express understanding that personnel of the requesting agency shall remain in charge at the incident for which aid is requested unless the command of an incident has been transferred to another agency or to an overhead management team. Pursuant to this authority the requesting agency, the agency which has command of the overhead management team, may direct and supervise the personnel and equipment provided by the responding agency through the operation of this mutual aid agreement.

8. Mutual aid shall be provided without expectation of reimbursement for the first (12) twelve hours from the time of response to the request for mutual aid. If it appears that the incident will last longer than (12) twelve hours the designated representative for Storey County Fire and the designated representative of Sparks Fire shall attempt to meet and confer to allocate the costs of the incident between the parties. If no meeting is held and the Responding Agency is required to provide personnel, equipment or facilities for a period longer than (12) twelve hours, the Requesting Agency shall reimburse the Responding Agency for the actual expenses it incurs after the (12) twelve hours have expired. This shall be done upon being provided with a statement of those expenses.
9. Upon request, the responding agency to a mutual aid incident shall provide the requesting agency with an incident report within 20 days of the incident.
10. For the limited purpose of the exclusive remedy set forth in NRS 616A.020, both parties shall be deemed to employ jointly a person who is an employee of either party and sustains an injury by accident or occupational disease while participating in the matter for which assistance was requested. However, for the purpose of providing insurance benefits pursuant to NRS 616A-through NRS 616D and NRS 617 each party shall provide such benefits to its own employees at its own expense. The parties waive any indemnification provision with respect to such industrial injuries or occupational diseases.
11. The parties may amend this agreement at any time by an endorsement made in writing and approved by the Sparks City Council and Storey County Commission.
12. This agreement shall become effective upon ratification by appropriate legal action by the governing bodies of the parties as a condition precedent to its entry into force and shall remain in full force, unless revoked by either party without cause, provided that a revocation shall not be effective until 30 days after a party has served written notice of revocation to the other party.

The Nevada Department of Public Safety, Division of Emergency Management (DEM) is committed to providing the Nevada emergency management community, emergency response professionals, volunteers, and the private sector with the means to produce quality exercises that improve the preparedness of the State of Nevada, its citizens and resources. This is accomplished through the use of a State-wide exercise program: the Nevada Exercise Program (NEP), which includes standardized policies, processes, products, and assistance in all aspects of exercises. The NEP is an all hazard, multi-discipline, multi-jurisdictional program that utilizes a building-block approach with exercises of increasing complexity and scope.

Exercises validate capabilities of individuals, teams, organizations and communities to prevent, protect, respond to, and recover from the effects of all emergency/disaster events. In order to successfully accomplish the validation of capabilities exercises need to have consistent processes for development, conduct, and evaluation. The Homeland Security Exercise and Evaluation Program (HSEEP) provides this consistency. All exercises conducted in Nevada, utilizing Federal grant funds, are required to adopt the principles and guidance provided in HSEEP.

Additionally, all exercises must be National Incident Management System (NIMS) compliant by meeting the following three criteria:

- Incorporate NIMS/ICS into training and exercises.
- Participate in an all-hazard exercise program based on NIMS that involves responders from multiple disciplines and multiple jurisdictions.
- Incorporate corrective actions into preparedness response plans and procedures.

NEP COMPONENTS

The NEP consists of seven components: 1) *Training and Exercise Plan Workshop*, 2) *Exercise Scheduling*, 3) *Standardized Process* and Documents, 4) *Reporting*, 5) *Corrective Action/Tracking*, 6) *Technical Assistance*, and 7) *Exercise Training Curriculum*. Each component is dependent on each other and ties in and supports the State of Nevada Strategic Plan, which in turn supports the National Strategy and Priorities.

Training and Exercise Plan Workshop. Each year the annual Training and Exercise Plan Workshop (T&EPW) will be conducted for all local jurisdictions, State and Federal agencies, and the private sector to identify training and exercise activities for the subsequent three years that support the State Strategy which in turn support the National Priorities. Prior to the T&EPW an Improvement Planning Conference is conducted to review the previous year's exercise and actual disaster events' After Action Report / Improvement Plan (AAR/IP) for areas that identify modifications to the State Strategy and any shifts in designated Target Capabilities.

Capitol Police • Criminal Justice Assistance • Division of Emergency Management • Emergency Response Commission
State Fire Marshal • Investigations Division • Highway Patrol Division • Office of Traffic Safety
Parole and Probation • Records & Technology Division • State Board of Parole Commissioners • Training Division

A T&EPW Read Ahead Package is sent to participating jurisdictions, agencies and private sector participants to ensure that participants are prepared to address required information regarding training and exercise activities, targeted dates, associated costs, and identified Target Capabilities. The resulting Multi-Year Training and Exercise Plan (MYTEP) is produced, distributed, and periodically updated as modifications require.

Exercise Scheduling. All exercises conducted in Nevada must be entered into a national database of exercises utilizing the National Exercise System (NEXS), an internet-based software program that captures basic statistical information. Each county-level jurisdiction will identify a NEXS point of contact who will serve as the Exercise Scheduler. The Scheduler has the ability to create new exercises as well as modify and delete any exercise they create in the database. They will also have "view-only" capability for any exercise within their Exercise Administrative Authority (EAA's) domain: in this case, the State of Nevada. Exercise Schedulers can register at the U.S. Department of Homeland Security, Federal Emergency Management Agency USDHS/FEMA HSEEP homepage at <https://hseep.dhs.gov/>.

Each state will also have a State Exercise Administrative Authority (EAA) who has access authority over all exercises, users, and Exercise Schedulers within their scheduling domain (State of Nevada). The EAA is the Domain's approving authority prior to an exercise appearing in the National Exercise Schedule Database. The EAA can create, modify and delete any exercise data on the National Exercise Schedule.

Standardized Process and Documents. All exercises conducted in Nevada must follow the standardized process and guidance of the HSEEP. HSEEP provides exercise documents/document formats and samples, planning conferences, and exercise concepts in all phases of an exercise (concept, design and development, conduct, evaluation, and follow-up corrective actions and tracking). The one single exercise document that must follow a prescribed format with a specified content and process is the AAR/IP.

Exercise guidance is provided in the form of HSEEP Manuals (HSEEP Volume I: Exercise Program Overview and Management; Volume II: Exercise Planning and Conduct; Volume III: Exercise Evaluation and Improvement Planning; and Volume IV: Templates and Samples) which can be accessed from the HSEEP homepage at <https://hseep.dhs.gov/>.

Exercise Reporting. All operations- and discussion-based exercises will result in an exercise After Action Report (AAR) within 60 days following the conduct of the exercise. The AAR will identify areas of success and areas requiring improvement describing the issue, analysis, any recommendations utilizing the Exercise Evaluation Guides (EEGs) of the 37 Target Capabilities List (TCL) as the basis for evaluation. The AAR format will follow guidance identified in HSEEP Manuals. The AAR will include an Improvement Plan (IP) as part of the AAR (see next section). One hard copy of the AAR/IP shall be submitted to the DEM Exercise Training Officer and one electronic copy of the AAR/IP shall be submitted via the Corrective Action Program System (CAPS) in the Nevada Folder with an email notifying the State of Nevada Exercise Training Officer of the submission. All AARs will be reviewed for HSEEP formatting compliance and forwarded to USDHS/FEMA as a condition for meeting minimum Federal grants and programs requirements.

Corrective Action/Tracking. As an annex to the exercise AAR, a process for identifying corrective actions and tracking them to completion will be utilized. This is the IP. The IP will identify the issue, recommended corrective action, assignments, and recommended completion date. The IP format will follow guidance identified in HSEEP Manuals. Use the web-based software program CAPS to electronically manage the identification and tracking of the IP portion of the AAR.

Technical Assistance. Technical assistance in any area of exercise design, conduct, and evaluation will be available from the State of Nevada Exercise Training Officer (NV ETO). The NV ETO will be available to answer questions regarding areas such as: HSEEP, NIMS exercise compliance, exercise documents, formats, suggestions, problems, NEXS and CAPS programs, best practices or training. On a limited basis the NV ETO can assist as a member of a local exercise planning teams during any phase of an exercise as well as offer exercise-specific training, workshops, and seminars.

Web-based exercise assistance, information, guidance, and a variety of toolkits are also available at the USDHS/FEMA HSEEP homepage (<https://hseep.dhs.gov/>) as well as the USDHS/FEMA NEXS and CAPS systems. The secure portal requires a request by email from the requestor prior to gaining access to it.

Exercise Training Curriculum. A variety of exercise training courses will be offered throughout Nevada on a limited basis as either resident courses or as jurisdictional-hosted courses. Samples of the Exercise Curriculum includes: HSEEP Mobile Course, Exercise Design and Development, Exercise Evaluation, Exercise Control/Simulation, and Exercise Program Manager. Several Workshops are available that address evaluator/controller training, exercise planning teams, and simulations/moulage. The Master Exercise Practitioner Program, a Federal Emergency Management Agency program offered by the Emergency Management Institute in Emmitsburg, Maryland and administered by the Nevada Exercise Training Officer, provides training and certification as a Master Exercise Practitioner (MEP).

Reobligation Guidelines

Purpose

The purpose of these guidelines is to ensure that the Nevada Commission on Homeland Security (NCHS), State Administrative Authority (SAA) and subgrantees of Homeland Security Grant Programs (HSGP) provide for the best utilization of grant resources when cost savings or cost shortfalls are realized during a grant performance period.

1. Performance Period

Effective with the FFY10 HSGP grant cycle, the performance period for each subgrant will be 24 months to allow for adequate time to obligate HSGP funds as necessary. The SAA may modify performance periods based on the requirements of future grant guidance.

Extensions to the subgrant performance period will be approved by the SAA. The subgrantee must provide a written request for extension to the SAA at least one (1) month prior to the end of the subgrantee performance period. If the grant extension is denied, the grant funds will be deobligated.

2. Project Change Requests

All Project Change Requests must be submitted to the SAA using the approved Project Change Request form. The completed Project Change Request forms must be submitted to the SAA at dhsgrants@dps.state.nv.us.

All Project Change Requests will be reviewed by the SAA to ensure that the change(s) requested is compliant with federal grant guidance. Once the SAA makes its determination that the Project Change Request complies with federal grant guidance, the request will be handled as follows:

A. Project Change Requests Approved by SAA:

- i. Any request for reobligation of funding within an existing approved budget that does not exceed \$100,000, may be approved by the SAA, if the Project Change Request is clearly within federal grant guidance.

B. Project Change Requests Approved by NCHS:

- i. Any request for reobligation of funds that exceeds \$100,000 will be reviewed by the NCHS. The NCHS will provide a recommendation to the Governor for

reobligation of funding and notify DEM of the recommendation.

- ii. Any request for the redirect of funds that is inconsistent with the approved Investment Justification or which is considered a change in scope will be submitted to the NCHS and/or Finance Committee for review. The NCHS and/or Finance Committee will provide a recommendation to the Governor for reobligation of funding and notify DEM of the recommendation.
- iii. Any deobligated funding that exceeds \$100,000 will be submitted to the NCHS for review. The NCHS will provide a recommendation to the Governor for reobligation of funding and notify DEM of the recommendation.

DEM, at their own discretion, may defer to the NCHS and/or the Finance Committee on any Project Change Request subject to DEM approval.

3. Request for Additional Grant Funding

A sub-grantee seeking additional funding (de-obligated funds) must submit the request to the SAA on the approved forms at dhsgrants@dps.state.nv.us.

A request for additional funding must include:

- A. A written justification explaining, at a minimum, the following:
 - i. Impact of non-completion the project in the originally approved budget;
 - ii. Explanation as to why the redirect of funds was not addressed in the original investment or another related investment, if applicable;
 - iii. Benefit to the state's overall capabilities by approving the requested redirect of funds;
 - iv. Anticipated timeline to complete proposed project, inclusive of milestones and anticipated deliverables; and
 - v. Impact of not approving the request to redirect of funds;
- B. A copy of the original budget; and
- C. A copy of a detailed line-item budget demonstrating the subgrantee's intended use of the funds if the redirect of funds is approved.

The SAA will review the request to ensure compliance with federal grant guidance. The SAA will forward a report of compliance to the NCHS.

4. Restrictions

Reobligation of funds will not be approved by the SAA or the NCHS if the request includes, but is not limited to, any of the following restrictions:

1. Non-compliance with federal guidance;
2. Supplanting;
3. Misappropriation of funds;
4. Commingling of funds;
5. Denial by the Department of Homeland Security;
6. Inability for projects to be completed within the remaining performance period; or
7. Non-conformance with the goals and priorities of the NCHS.

5. Time Sensitive

Federal law mandates that unspent federal funds be returned to the federal government at the end of the grant performance period. In the event that unspent funds exist and there is insufficient time in the grant performance period to reconvene the NCHS and Finance Committee, the SAA in its sole discretion, may reobligate grant funding within the scope of the approved Investment Justification.

In the event that the SAA reobligates time sensitive funding, the reobligation of funds will be placed as an informational item on the agenda of the next regularly scheduled meeting of the NCHS.

- State Administrative Agency (SAA) Nevada Division of Emergency Management
- SAA Training Point of Contact (TPOC).

The jurisdiction/ or individuals must obtain this approval prior to any commitment for any requested training utilizing Homeland Security funds. All requests must be directed through your local emergency manager.

REQUEST PROCESS/JURISDICTION OR AGENCY/INDIVIDUAL

Step 1: Check to see if your program is already listed in one of the Approved Training Catalogs. If it is, the course is eligible for HSGP funding, but you still need to coordinate the training with the SAA and TPOC. Each training provider has their own process for scheduling training. Contact our office with the course number and title, and we will assist you with your request.

Step 2: If your requested training is NOT in any of the catalogs below, the next step is to ensure that the requested program meets the grant guidelines for training not provided by FEMA (DHS). The SAA and TPOC can assist with this determination, but the more information you provide, the better we can assist.

You will need to submit your request by completing the course request application submit the completed application via fax or email to the TPOC with the following information:

- Course title (and course number if applicable)
- Course description (attach flyer, website, etc)
- Mission area (common, prevent, protect, respond, recover)
- Level of training (awareness, performance, management)
- Training provider (contact information)
- Date of the course
- Anticipated number of attendees
- Associated disciplines of the attendees
- Anticipated costs
- Grant program/year/project

Step 3: The SAA and TPOC will review the course and determine if it is eligible and approved for use of HSGP funds.

Capitol Police • Criminal Justice Assistance • Division Of Emergency Management • Emergency Response Commission
State Fire Marshal • Investigations Division • Highway Patrol Division • Office of Traffic Safety
Parole and Probation • State Board of Parole Commissioners • Training Division

Step 4: If this is a request for a specialized course for an individual or group you must submit the application 60 days in advance to the designated county emergency manager or their appropriate point of contact. Please keep in mind that the approval must be in place prior to course attendance. Failure to meet this requirement could result in a denial of reimbursement for incurred expense. If the program you're requesting is deemed eligible and approved for expenses, jurisdictions/or individuals must report the following to the SAA or TPOC within 30 days after attending training:

- Original Approval from SAA/TPOC, which should include:
 - Course title
 - Course description
 - Mission area
 - Level of training
 - Training provider
 - Reimbursement request and associated invoices

Programs contained in the following catalogs have already been deemed "eligible training", but expenses to support these programs still need to be coordinated with the SAA and TPOC.

FEMA (DHS) Training and Exercise Catalog (TEI)

- TEI/TO
- Federal Catalog
- State Catalog

If the program you're requesting is NOT in any of these catalogs, it is considered **NON-FEMA Training**. Non-FEMA courses are those courses that are either State sponsored or Federal sponsored, coordinated and approved by the State Administrative Agency (SAA) or Training Point of Contact (TPOC), and fall within the FEMA mission scope to prepare State and local personnel to prevent, protect, respond to, and recover from acts of terrorism or catastrophic events. These training programs include, but are not limited to, Chemical, Biological, Radiological, Nuclear, and Explosive (CBRNE) terrorism, catastrophic events, cyber/agriculture/food security, and citizen preparedness

These courses are developed for and/or delivered by institutions and organizations funded directly by FEMA. The majority of these programs are offered at NO COST. This includes programs offered by the institutions below. All course requests must be coordinated with the STPOC for approval.

- The Center for Domestic Preparedness (CDP)
- The National Domestic Preparedness Consortium (NDPC)
- The Rural Domestic Preparedness Consortium (RDPC)
 - National Emergency Training Center
 - National Fire Academy
- Emergency Management Institute
- FEMA Training Partners funded through the Continuing and Demonstration Training grant programs

In order to use HSGP funds, Non-FEMA courses must:

- Build additional capabilities that a) support a specific training need identified by the State, Territory, and Urban Area, and b) comply with the State or Urban Area Homeland Security Strategy
- Address specific tasks and/or competencies articulated in FEMA's Emergency Responder Guidelines and the Homeland Security Guidelines for Prevention and Deterrence
- Address specific capabilities and related tasks articulated in the Target Capabilities List
- Support the specific program training activities identified in the individual HSGP grant programs (SHSP, UASI, MMRS, CCP) for which the funding will be used
- Meet the standards with all applicable Federal, State, and local regulations, certifications, guidelines, and policies deemed appropriate for the type and level of training
