(name of public officer for whom recall is sought)

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationary to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

We deserve a Sheriff who protects and serves the citizens, not himself. Recall Sheriff Antinoro.

**GERALD ANTINORO**

(name of public officer for whom recall is sought)

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationery to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

We deserve a Sheriff who protects and serves the citizens, not himself. Recall Sheriff Antinoro.

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationary to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

We deserve a Sheriff who protects and serves the citizens, not himself. Recall Sheriff Antinoro.

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationery to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

We deserve a Sheriff who protects and serves the citizens, not himself. Recall Sheriff Antinoro.

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationery to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

**GERALD ANTINORO**

(name of public officer for whom recall is sought)

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationery to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

We deserve a Sheriff who protects and serves the citizens, not himself. Recall Sheriff Antinoro.

**GERALD ANTINORO**

(name of public officer for whom recall is sought)

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationery to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

We deserve a Sheriff who protects and serves the citizens, not himself. Recall Sheriff Antinoro.

**GERALD ANTINORO**

(name of public officer for whom recall is sought)

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationary to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

We deserve a Sheriff who protects and serves the citizens, not himself. Recall Sheriff Antinoro.

An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationery to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

We deserve a Sheriff who protects and serves the citizens, not himself. Recall Sheriff Antinoro.

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationery to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

**GERALD ANTINORO**

(name of public officer for whom recall is sought)

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationary to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

We deserve a Sheriff who protects and serves the citizens, not himself. Recall Sheriff Antinoro.

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationary to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

We deserve a Sheriff who protects and serves the citizens, not himself. Recall Sheriff Antinoro.

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationery to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

We deserve a Sheriff who protects and serves the citizens, not himself. Recall Sheriff Antinoro.

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationery to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

We deserve a Sheriff who protects and serves the citizens, not himself. Recall Sheriff Antinoro.

Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationery to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

We deserve a Sheriff who protects and serves the citizens, not himself. Recall Sheriff Antinoro.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationary to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

We deserve a Sheriff who protects and serves the citizens, not himself. Recall Sheriff Antinoro.

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationery to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationery to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

We deserve a Sheriff who protects and serves the citizens, not himself. Recall Sheriff Antinoro.

(name of public officer for whom recall is sought)

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationery to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

We deserve a Sheriff who protects and serves the citizens, not himself. Recall Sheriff Antinoro.

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationery to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

We deserve a Sheriff who protects and serves the citizens, not himself. Recall Sheriff Antinoro.

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationery to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

We deserve a Sheriff who protects and serves the citizens, not himself. Recall Sheriff Antinoro.

Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationery to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.

We deserve a Sheriff who protects and serves the citizens, not himself. Recall Sheriff Antinoro.

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. **GERALD ANTINORO**

(name of public officer for whom recall is sought)

Sheriff Antinoro should be recalled. He has a track record of mistreating women. An independent sexual harassment investigator hired by Storey County found that Antinoro engaged in multiple acts of sexual harassment. The County scheduled sexual harassment training because of his conduct, but he skipped it.

Antinoro's personnel decisions have cost the County \$144,000 in settlements with former employees, plus thousands of dollars more in time for staff at the County to handle the numerous claims by his employees.

He stipulated with the Ethics Commission to settle a charge of using his office to obtain unwarranted personal benefits during the 2014 election. Recently, a panel of the Ethics Commission determined just and sufficient cause existed to refer a second charge to the full Commission for adjudication. This alleged violation of the ethics laws relates to his use of official Sheriff's stationery to endorse a political candidate.

Antinoro was incompetent in handling the Judy Black homicide scene and investigation, prematurely calling it an accident. He mishandled evidence, which required the DA to exhume the remains in order to retrieve critical evidence for a murder trial.
