- **Staff Summary:** Purchase of the subject snow removal equipment was initiated under emergency conditions of mass snow accumulations due to atmospheric river conditions combined with minimal staffing conditions and recent damage to two snow plow trucks. Purchase of this item was proposed for consideration in the fiscal year 2024 budget to provide more efficient and thorough snow removal in the county. Recent emergency conditions have necessitated its immediate purchase. The purchase will occur out of budget; however, the existing budget in the Capital Projects Fund should have the available funds that can be transferred in June to the Equipment Acquisition Fund. Making these transfers will ensure that this purchase will keep these funds within the budgeted amounts at the end of the 2023 fiscal year.
