Re: Tax Bill Corrections

Robert & Candis Kimball 004-221-62 5100 Castle Peak Rd

The above referenced parcel had a well drilled in October of 2022. We mistakenly put the well on the tax roll even though the report showed it was a dry no water found. See attached report that shows N/A for the Static water level.

	Original	Correction	New Value
2023-2024 Assessed Values	16,284	(6,659)	9,625
Total Tax Dollars	\$563.54	\$ (230.45)	\$ 333.09

Please approve this correction and advise the Treasurer and/or Assessor to make the change and issue an amended bill or refund as necessary.

Thank You,

Jana Seddon Assessor

STOREY COUNTY ADMINISTRATIVE POLICIES AND PROCEDURES

NUMBER: 027
EFFECTIVE DATE: 12/15/09
LAST REVISED: 06/04/24
AUTHORITY: BOC
COUNTY MANAGER: AO

SUBJECT: IT REPORTING, SUSPENSIONS, AND INVESTIGATIONS

- I. PURPOSE: This policy contains the standards and definitions for reporting abuse, outlines suspension of computer access, and describes in what manner and for what reasons investigations of alleged misconduct may be conducted.
- **II. APPLICABILITY:** This policy applies to all Storey County staff, including elected officials, department heads, employee supervisors, administrators, and computer and network technicians, or any other authorized user.

III. PROCEDURES:

Reporting: Reports of apparent misuse or abuse of Storey County Information Technology (IT) resources are to be made to the following offices and/or authorities:

- A. If the report is made by an employee, the employee shall follow the employee's immediate chain-of-command and report to the immediate supervisor.
- B. The supervisor, if different from the department head shall immediately report the incident to the department head. The department head shall review the alleged violation and should consider consulting with the IT Department for assistance. If a violation is confirmed and the individual department does not have its own specific policies for disciplinary actions, it shall then be forwarded to the:
 - 1. County Manager
 - 2. Human Resources Director
 - 3. IT Department

Suspension or termination of access: Department heads or IT staff may temporarily suspend or block access to an account when it appears necessary to protect the integrity, security, and functionality of county or other computing resources, or to protect the county from liability.

Access to county technology resources may be removed immediately given a request from the appropriate county authorities including, the department head, County Manager, and/or IT staff. Reasons for immediate removal may include, but are not limited to, the following: the individual is terminated for cause and there is concern for safety of systems or data; or there is reasonable belief that the individual to whom the account is assigned has perpetrated or is involved in illegal activities or activities that violate county policy.

The technician responsible for a particular service may disable access unilaterally if processes in an assigned account are causing or reasonably appear likely to cause damage to systems or data, breach data security, or may cause serious service degradation for other users. Except when prohibited by law, inappropriate, or impractical, the technician will notify the involved individual prior to disabling the computer account whenever possible. Where prior notification is not permitted, appropriate, or practical, the technician will make all efforts to notify the involved individual afterward in a timely manner. Unless other policies are invoked, access will be restored as soon as possible after the removal of the threat. In all cases the department head, Human Resources Director, and the County Manager shall be notified prior to taking such action, unless it is violating a law or causing immediate damage to any type of electronic system.

Technical Investigation: The County Manager and/or IT Department will coordinate technical investigation and computer forensics for complaints of misuse or abuse of county information technology resources. The County Manager and/or IT Department will conduct the necessary investigation and data gathering. All investigations will comply with applicable law as well as county policies and procedures.

Disciplinary Process: Reports of misuse or abuse will be resolved through established county disciplinary policies and procedures applicable to the relevant user. The county may also refer suspected violations of applicable law on the part of any individual to appropriate law enforcement agencies. Storey County Sheriff's Office, Storey County legal counsel, and law enforcement officials as appropriate shall address criminal misuse or abuse of Storey County resources by persons not affiliated with the county.

Determination of relation to purpose: If the relationship of a use of information technology resources to the county's purpose is unclear, the County Manager will coordinate with the department head involved. The County Manager, Human Resources Director, and the IT Director will collaborate to appropriately determine whether the activity is an appropriate use of county information technology resources.

Determination of incidental personal use: Department heads are authorized to define the acceptable level and nature of incidental personal use by members of the department and/or office. An employee's supervisor may require the employee to cease or limit any incidental personal use that hampers job performance or violates county policy. County technology service providers will always place a higher priority on support of county-related activities over any form of incidental personal use.

Consultation: The Human Resources and IT Departments will be available to provide consultation or advice related to technology use or misuse to any county office, department, or individual. If there are specific department exceptions they must be clearly written, approved by the County Manager and/or Human Resources Director, and clearly posted.

Identifying excessive use: The IT Director is responsible, along with the department heads, for establishing metrics for gauging excessive use.

Controls to limit excessive use may include but are not limited to established per-user limits for the service that allow for shared use of limited resources, limitations on the types of processes that can be run on a service or resource, or identification of certain uses as adversely affecting the activities of others, or adversely affecting system availability or performance. In instances where availability of a resource is constrained and where resource augmentation is not feasible or possible, the department head in consultation with the user of the resource may place limits or remove resources to protect and allow for shared use of the information technology infrastructure.

Notification of excessive use: The IT Director, and the department head of the affected information technology resource will notify the user that the user is consuming an excessive share of the resource. Upon request, users will be provided information from which they can compare their use with normal usage patterns. The IT Director or an employee of the IT Department can help identify excessive use and will work with individuals who need clarification on what may considered personal information compared to county information, as well as give operational tips for optimizing computer workstations.

Mission-related activities: If the IT Director determines that the excessive use serves the mission of Storey County, the IT Director should attempt to accommodate the needs. Accommodation may involve augmenting resources or identifying adequate alternate arrangements for fulfilling the requirements in order to find a solution that does not adversely affect other users. The user may find it necessary to cease the activity, reduce the activity to an appropriate level, or find other options.

Non-mission-related activities: If the IT Director determines that the excessive use does not serve the mission of Storey County, the user will be notified in writing to cease the activity with a copy of the notice sent to the department head and/or the County Manager.

Emergency actions: The department head, County Manager, Human Resources Director, or the IT Director may temporarily suspend or block access to an information technology resource, or stop active processes in an account, when it appears necessary to protect the integrity, security, or functionality of the resource, or to protect other computing resources, or to protect the county from potential liability.

Repeated notifications: Users who are repeatedly notified of excessive use may be subject to disciplinary measures.

IV. RESPONSIBILITY FOR REVIEW: This policy will be reviewed every five years by the IT Director.

• Staff Summary: The role of Cook was approved through the budget process, there was previously a Cook at grade level 115, and we are requesting this title and grade level be reestablished. The nuisance program within the Community Development Department has expanded and requires a dedicated employee to fulfill the program requirements. We are requesting the establishment of a Code Enforcement Officer at a grade 124 to help maintain this program. The County Manager's Office would like to better manage our outreach to the community, media, and other outlets, and are requesting a Public Relations Officer at grade 124 be approved. The security of the County's electronic information is a top priority and with our growth we are asking for a Network Security Administrator at grade 140. These positions have been approved through the budget process and NRS 245.045 states that the Board has authority to fix the salaries of all appointive officers and employees by the enactment of ordinances or the adoption of resolutions. The proposed resolution conforms to the NRS requirement and the Board-approved budget for the 2024-25 fiscal year. The proposed grade level requests are based on external salary data as well as internal alignment.

• <u>Title:</u> Consideration and possible approval to authorize Storey County Business Development to reallocate \$1,000 of budgeted and available funds from the Professional Services account to apply for the Nevada Division of Environmental Protection's Capital Improvements Grant program for Phase 1 of the Lead Siphon Project.

- Recommended motion: I (commissioner), move to approve the authorization for Storey County Business Development to reallocate \$1,000 of budgeted and available funds from the Professional Services account to apply for the Nevada Division of Environmental Protection's Capital Improvements Grant program for Phase 1 of the Lead Siphon Project.
- Prepared by: Sara Sturtz

Department: Business Development Contact Number: 775-350-9473

- Staff Summary: Jason Cooper from Nevada Division of Environmental Protections (NDEP) reached out to Storey County staff to request our help in expending the remaining bond money in their Capital Improvement Grant Program. NDEP had a grantee who had to cancel a project, leaving additional money in the bond program that has to be spent by November 31st, 2024. We are proposing to reallocate some funds from our state revolving fund principal forgiveness loan for the Lead Siphon Phase 1 Project that is also administered by NDEP, into the capital improvement grant program. By aiding the NDEP in this request, we can help NDEP get future bond money approved by State Legislators so that NDEP can continue to provide funding for the crucial capital improvement projects not only for Storey County, but for all of Nevada.

Thank you, Sara. Received. I have revised your total project amount to \$690,000. This will provide \$310,500 from the Capital Improvements Grant Program.

Thank you for confirming your understanding of the conditions on the Capital Improvements Grant Program. We will begin preparing a staff report and resolutions to the Board for Financing Water Projects to support Storey County in this re-assignment of funds.

<u>WARNING</u> - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good morning Jason,

I have touched base with DOWL and I would like to modify the amount we would be requesting from the capital improvement grant program from \$730,466 to \$690,000. Let me know if you have any concerns with this proposal. This lower figure will ensure that we are able to expend the grant monies by October 31st.

I have read through the information below and understand the requirements, specifically those presented in 4.a-4.d. I have talked with Lara and Austin, and we will be able to over the \$1,000 application fee as well (3.a).

I have a training on June 26th, so I will ask another Storey County employee involved in this project to attend the Board meeting.

Let me know if you have any further questions or need anything else from the County at this time.

Thanks,

S

Subject: Storey County Re-assignment of funds in DW2410

Good afternoon, Storey County.

I have some follow up information for you on the capital improvements grant program re-assignment we have been discussing.

- 1. We have completed the grant scale for Storey County. The county is eligible for **up to 45%** grant funding. Therefore, this is how the split would look on the amount you can spend by November 1, 2024:
 - a. Capital Improvements Grant: \$328,700
 - b. DW2410 SRF loan: \$401,766
 - c. Total expenditures by November 1, 2024: \$730,466
- 2. The proposed plan would be to amend contract DW2410 and re-assign it to the cap grant program:
 - a. Cap grant program: +\$328,700
 - b. DW2410: (\$328,700)
 - c. Overall project funding remains the same at \$1,150,000.00
- 3. The capital Improvements Grant program does require a \$1,000 application fee:
 - a. NAC 349.549: The recipient of a grant under the program shall pay to the Division of Environmental Protection of the Department an administrative fee of \$1,000.
- 4. NDEP would need to receive confirmation on the following conditions:
 - a. Storey County will spend a total of \$730,466 by November 1, 2024.
 - b. Storey County will have a project representative at the June 26, 2024 Board for Financing Water Projects meeting.

- c. Storey County acknowledges that the funding agreement resolution will contain a clause allowing NDEP authority to re-allocate funds, should Storey County not draw funds according to a pre-approved schedule.
- d. Funding agreements must be signed by the County by July 26 (30 days after the Board for Financing Water Projects meeting).

If the above is acceptable to Storey County, we will need an email reply no later than June 5, 2024, confirming the county's understanding to the above conditions. We will then move forward with preparing the necessary documents for the Board for Financing Water Projects meeting on June 26, 2024.

James T. Russell, Chief Judge 1st Judcial District Court 885 E Musser Street, Ste 2003 Carson City, NV 89701

Dear Judge Russell:

In accordance with the interlocal contract, Attachment B, two years of budget requests for <u>State Fiscal Years 2025 and 2026</u> are required. They are due in Central Office no later than June 11, 2024. Each Judicial District must have an approved budget on file to receive reimbursement for expenditures. To ensure budgets approved by the State are consistent with budgets approved by the county commissioners, please submit your budget request to the county commission first; then, forward the commissioners' approved budget to the Child Support Enforcement Unit in Central Office at the address listed above. If you will not have a budget approved by the county commission before May 30, 2024 please submit a provisional budget that includes the date when the budget will be approved and submitted to Central Office.

Budget requests must include back-up documentation to justify all expenditures. Any proposed increases over funding provided in the current year must include a detailed analysis and spreadsheet validating how the increased budget authority can be negated through a proportionate increase in child support collections.

Upon approval of the annual budget by state staff, county personnel are responsible for submitting all requests for reimbursement in accordance with 2 CFR Part 225. All claims for reimbursement must be addressed to the Chief of the Child Support Enforcement Program. Claims must be submitted within thirty days of the end of the month in which the expenses are incurred unless the Chief grants an approval for an extension.

The standardized invoice billing format must be used again this year. This is necessary to streamline the reimbursement process. The format is very similar to that used by most offices. You will no longer be required to submit the required documentation on a monthly basis; however, the required documentation must be retained at each office and available for inspectionand review by federal and state auditors. Costs must be clearly identifiable on the invoice to ensure the allowable expenditures can be easily determined by staff reviewing the invoice. For example, supplies must be itemized with associated costs.

General budget claims must be submitted on county letterhead; signed by the responsible party

(including name and title); and submitted in accordance with the interlocal agreement, 2 CFR Part

225 and the approved budget. The request for reimbursement must show total expenses and the reimbursement rate, typically 66%.

Compensation for Hearing Master services are reimbursed at the contractual rate - up to 100% of the actual time worked in Child Support Enforcement.

Travel claims must be submitted on either county or state travel claim forms that include: the language and signature declaring the claimant is submitting an accurate claim; the dates and times the claimant entered and ended travel status; the purpose of the trip (attach conference schedules, if applicable); and itemized costs. Travel is reimbursed at the state rate pursuant the State Administration Manual, Section 200. If travel claims are completed showing the county rates (per diem, mileage, etc.), also include the state rate on the form for reimbursement.

If you have any questions or experience any problems, please do not hesitate to contact Kiersten Gallagher at (702) 486-1068 or kgallagher@dwss.nv.gov.

Sincerely,

Kiersten Gallagher Kiersten Gallagher, Chief

CHILD SUPPORT ENFORCEMENT PROGRAM BUDGET ANALYSIS

Grant: Child Support Enforcement, Catalog of Federal Domestic Assistance (CFDA) number 93.563 The expenditure of funds under this program are subject to the annual audit requirements under the Single Audit Act of 1984 (P.L. 98-502) and the Office of Management and Budget Circular A-133 (Audit of States, Local Governments, and Non-Profit Organizations).

Attachment C, Budget Analysis, is divided into two parts. Part one is a general explanation of the budget process. Part two contains instructions on how to prepare your annual budget analysis. Submit the annual budget using your County/City format.

PART ONE: EXPLANATION

The budget review process is implemented to provide an estimate of Title IV-D funds needed in any fiscal year, and to analyze requests for Federal Financial Participation (FFP), state share and County/City match to examine the cost effectiveness of the proposal.

Based on fiscal guidelines provided by the Division of Welfare and Supportive Services (DWSS) on or before April I5th of each year, a budget must be submitted to the Chiefofthe Child Support Enforcement Program, for establishment of a maximum level of reimbursements no later than May I5th.

FFP is approved at the applicable matching federal rate by the federal government through the Federal Offset of Child Support Enforcement (OCSE) and transmitted to your office.

Budgetary costs that are not covered by FFP pursuant to 45 CFR 304.21 & 23 includes, but is not limited to the following:

- I. Bad Debts
- 2. Contingencies
- 3. Contributions and Donations
- 4. Entertainment
- 5. Fines and Penalties
- 6. Governor's expenses
- 7. Interest and Other Financial Costs
- 8. Legislative Expenses
- 9. Under recovery of Costs Under Grant Agreements
- 10. Building Space and Related Facilities

Budgetary costs that require approval prior to the expenditure in order to be covered by FFP are listed as the following:

- I. Data Processing
- 2. Capital Expenditures
- 3. Insurance and Indemnification
- 4. Management Studies
- 5. Pre-Agreement Costs
- 6. Professional Services
- 7. Proposal Costs

Listed are various categories of expenses which could arise. An office's particular cost allocation plan may not provide for every category listed which may necessitate an amendment to that office's plan. The Title IV-D accounting unit will coordinate any required amendments with an office.

The U.S. Congress has shown an interest in reviewing the cost effectiveness of the program, and every state and local unit of government must take appropriate action to protect this valuable funding source. It is recommended that each office review its office operation from the following positions:

- I. Ensure office procedures maintain an efficient flow of work;
- 2. Ensure that Title IV-D resources and staff are directed to Title IV-D matters only;
- 3. Ensure that efficient and effective methods are applied in processing the legal aspects of cases;
- 4. Control program costs so only essential expenditures are made.

Administrators must consider the cost effectiveness of their proposals to assure the Title IV-D Program meets or exceeds its past relationships between total expenditures and child support collected. The only exception to this policy is ifan administrator plans a management move that will increase the future efficiency of the office that has been approved by the Chiefofthe Child Support Enforcement Program.

FFP is reimbursed to each office by the submittal of claims for reimbursement to the state IV-D agency based upon each office's approved annual budget analysis. The claim reimbursement procedure is as follows:

Claims from your office for FFP reimbursement are to be submitted within thirty (30) days from incurred expenditure unless an approval for an extension is granted by the Chief of the Child Support Enforcement Program or designee. Claims not submitted within ninety (90) days of the end of the month in which the expenses are incurred will be considered stale and non-payable.

Claims for reimbursement must include a listing of costs incurred pursuant to the Title IV-D Program with receipts for such costs retained and available for review. As noted in part two of this budget analysis, certain expenditures require approval prior to County/City expenditure/claim for FFP reimbursement.

Upon receipt by the state IV-D agency, claims are audited and approved/disapproved. Disapproved claims are returned to the appropriate office with a letter of explanation. Approved claims are vouchered and forwarded for distribution by the state controller's office.

PART TWO: INSTRUCTIONS FOR COMPLETING ITEMS A-K OF THE BUDGET ANALYSIS

Complete the detail for items A-G. For categories in which explanation is requested, please annotate or attach extra pages as needed. Guidelines for completing categories A-Gare as follows:

B. <u>FRINGE BENEFITS:</u>

I. The standard benefits given government employees are listed in this category. The rate for each benefit must be identified along with the portion of a staff member's salary that is dedicated to Title IV-D activities. The portion of a staff member's salary that is dedicated to Title IV-D work is multiplied by the rate of the particular fringe benefit.

Example:

Title IV-D		Retirement	Retirement				
Costs for D	<u>A</u> x	Rate	=	Cost			
\$2,500	X	15%		\$375			

2. Each category is based on rate except group insurance. The applicant will have to provide a brief explanation of how this category was computed.

C. <u>COUNTY/CITY INDIRECT COSTS</u>:

Indirect costs are those incurred for a common or joint purpose benefiting other programs in your County/City in addition to the Title IV-D Child Support Enforcement Program. Examples of indirect costs are:

- Salaries for time spent by employees not employed by the IV-D program who are indirectly performing child support tasks, such as County/City clerks; and
- Supplies purchased by County/City funds which are used by more than one County/City entity, including the use by or benefit of your office, for which your office must reimburse the County/City.

Costs allocated as indirect and calculated in your County/City's indirect cost rate should not be listed as direct costs in this budget proposal.

G. <u>OTHER EXPENSES:</u>

I. Copies/Reproductions:

This category is for the costs of copying documents (not for equipment procurement). Charges for the shared use of copying systems must include a procedure to log of Title IV-D use exclusive of other office uses.

2. Dues and Registration:

Must be related to Title IV-D matters/activities and cost allocated based upon the average IV-D activities.

3. Publications/Periodicals:

Must be related to Title IV-D matters/activities and cost allocated based upon the average IV-D activities.

4. Fees (Service of Process, Garnishment):

Must be related to Title IV-D matters/activities and cost allocated based upon the average IV-D activities.

PART THREE: APPROVAL OF BUDGET BY CHIEF

The Chief of the Child Support Enforcement or designee will approve the eligible **IV-D** expenditures and the budget will indicate the amount of expenditures out of FFP, state share and County/City costs.

The Chief of Child Support Enforcement's approval of the budget does not guarantee that all costs are IV-D eligible for reimbursement.

Upon federal review, any disallowed costs will be deducted from future federal reimbursement payments. DWSS will provide thirty (30) days' notice prior to the reduction. Parties agree to notify the other of any disallowed costs and work together on the disallowance.

Board of Storey County Commissioners Agenda Action Report

Meeting date: 6/4/2024 10:00 AM - Estimate of Time Required: 15 minutes

BOCC Meeting

Agenda Item Type: Discussion/Possible Action

- <u>Title:</u> Consideration and possible approval of the REVISED 5-year (approximately) lease between Storey County and the Nevada State Department of Public Safety (Nevada Highway Patrol) for use of existing office space of approximately 400 square-feet, and future Sheriff's Office substation area as provided for by the Sheriff, for an amount of \$0.00 but with certain cost reimbursements, located at the Storey County Government Complex at 1705 Peru Drive, McCarran, Storey County, Nevada.
- Recommended motion: I (county commissioner) move to approve the REVISED 5-year lease between Storey County and the Nevada State Department of Public Safety (Nevada Highway Patrol) for use of existing office space of approximately 400 square-feet, and future Sheriff's Office substation area as provided for by the Sheriff, for an amount of \$0.00 but with certain cost reimbursements, located at the Storey County Government Complex at 1705 Peru Drive, McCarran, Storey County, Nevada.
- Prepared by: Jim Hindle

- <u>Staff Summary:</u> This is a revised version of the agreement the Board of Commissioners passed at its June 6th, 2023 meeting as proposed by the Department of Administration on behalf of the Department of Public Safety/NHP. The proposed agreement is an extension and modification of an existing lease between the county and the Nevada Highway Patrol for use of certain unoccupied office spaces at McCarran public service building at TRI-Center. The lease facilitates law enforcement presence at the Tahoe-Reno Industrial Center where it is needed, and for the benefit of area businesses and property owners.
- The revised agreement differs from that previously approved by the Board in two ways:

 1) in section 3.1 Utilities and Services Provided by Lessor; language was added to the lease that the lessor will provide paper products and soap; and 2) under section 3.2 Janitorial Services, the state added Exhibit B to the lease for the full description of Janitorial Services that the State will be providing under the section. The exhibit is much more comprehensive and is appropriate.

• The revised agreement was reviewed by the District Attorney's Office and is acceptable from a legal perspective.
